

NASA - Space Center & Harry Potter Wizard World

May 1 – 5, 2012

From outer space flight to magical wizard flight, this tour covers it all!

First we will visit the NASA - Kennedy Space Center in Florida where we can:

-  Embark on a **guided tour** of the Visitor Complex at the Kennedy Space Center.
-  Stop at the 4-story LC-39 **Observation Gantry**, where we'll get a bird's eye view of the Space Shuttle launch pads.
-  **Lunch With an Astronaut** - Listen to inspiring space travel stories and ask questions of a NASA space hero, all while enjoying a delicious meal. One of the most popular programs at Kennedy Space Center, "Lunch with an Astronaut" gives visitors a one-of-a-kind experience to meet a member of NASA's Astronaut Corps and get their autograph.
-  Walk beneath the massive Saturn V rocket, **relive Neil Armstrong's first steps on the moon** & more at the Apollo/Saturn V Center.
-  Enjoy **IMAX movie** screenings of "Magnificent Desolation: Walking on the Moon 3D" or "Space Station 3-D."
-  Meet a real astronaut at the **Astronaut Encounter Show** and enjoy the zany live-action show "Mad Mission to Mars 2025."
-  Visit the **new U.S. Astronaut Hall of Fame** to see the world's largest collection of personal astronaut mementos.
-  Try our hand at a mission control console, take a virtual moonwalk, **feel the pull of 4 Gs** in the G-Force Simulator & land the Space Shuttle!

Then it's off to the **WIZARDING World of Harry Potter** at Universal Studios in Orlando. We'll join Harry Potter and his friends as we venture into a world where magic is real... and excitement knows no bounds. We'll pass through the towering Hogwarts castle gates and explore the familiar passageways, classrooms and corridors we know so well from all the Harry Potter books and movies. We'll also visit the shops of Hogsmeade and sample the food from the wizarding world. For those of who dare, there are exciting Harry Potter rides.

As we head back home, we will have many happy memories of our magical vacation at **The Wizarding World of Harry Potter** and **The NASA – Space Center**.
